

Kitchen Remodel, LaGrange Pk, IL (2003)

KITCHEN - AFTER

Kitchen Remodel

**Private Residence
LaGrange Park, Illinois
Completed 2003**

Part of a larger general remodeling, this Kitchen Remodel for a Family originally from a more dense & active Chicago neighborhood, provided some much needed respite from the bustle of urban living.

Improvements to the home included:

- Installation of Insulated, High-Efficiency Alum clad windows
- Installing new Heavier-duty Roofing Shingles
- Installation & Upgrade of the Roof Insulation system
- Installation of Heavier-Duty Exterior doors (which added some security and insulation value)
- Installation of ADA friendly bathroom fixtures & Door Hardware;
- Remodeling of the Family's outdated Kitchen (pictured)

Project completion, 2003-2005

KITCHEN Remodel

Private Residence
Chicago, Illinois
Completed 2007

This Existing Split-Level Single family House is undergoing a General Renovation. New systems, windows, roofing, electrical, interior finishes are a part of project.

Improvements to the home included:

- Installation of a Environmentally Friendly sprayed-in insulation. New Low-E Insulated Windows throughout.
- Installation of a low-maintenance, water / flood resistant environmentally friendly Porcelain Floor Tile.
- Installation of Locally Sourced Products, including a new Granite Counter.
- Dimmable Lighting that can utilize compact Fluorescent Lights.

Project Cost to HomeOwner (including Appliances & Granite Counters) was about \$12,750, for everything you see in the photo (including demolition, new sub-floor, new drywall & insulation.)

Basement Remodel Private Residence Chicago, Illinois Completed 2004

This new Single-Family Home was originally designed and completed for this Chicago family 18 months earlier. After settling into the home, the Owners decided to complete the (then unfinished) Basement level.

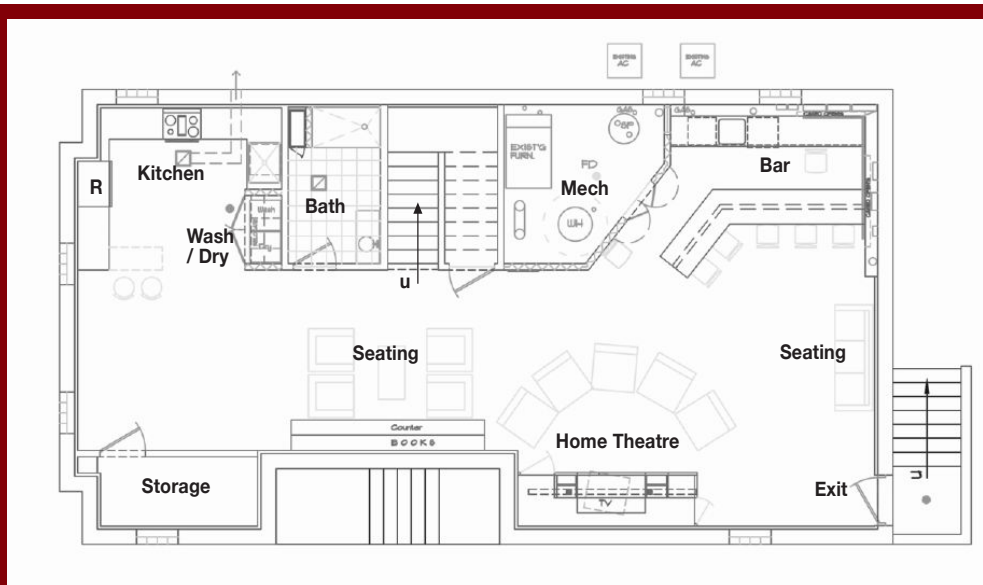

Improvements to the home included:

- Installation of a Environmentally Friendly Soy-Based Sprayed-in-Place Exterior wall Insulation System.
- Custom Millwork / Cabinet systems and Furniture.
- Installation of a Home Theatre System w/ Acoustical Ceiling Tile (which also serves to baffle sound from the Living areas above.)
- Installation of a low-maintenance, water / flood resistant "Wood-look" Floor Tile that has the beauty of real wood without the maintenance requirements.
- Installation of ADA friendly Bathroom Fixtures & Door Hardware;
- For Entertaining Purposes: Installation of a Bar/ Eating area, 2nd Kitchen & Laundry areas (pictured)
